

VANCOUVER, BC – August 2nd, 2011

For Immediate Release:

NYCE ANNOUNCES USA SALES AGREEMENT WITH REP COM INTERNATIONAL

NYCE Networks, a leading provider of innovative Plastic Optical Fiber to Ethernet products, announced today that NYCE has entered into an agreement with Rep Com International to sell NYCE products in the United States.

Rep Com International is a leading sales and representation company that has been serving the telecommunications industry in the US for almost 30 years. Rep Com will represent NYCE’s innovative line of residential and commercial Plastic Optical Fiber networking products to customers in the following markets in the United States:

West		Central	Southeast
Washington	Montana	Nebraska	Kentucky
Oregon	Wyoming	Kansas	Louisiana
California	Colorado	Oklahoma	Mississippi
Alaska	New Mexico	Texas	Alabama
Idaho	North Dakota	Iowa	Tennessee
Nevada	South Dakota	Missouri	South Carolina
Arizona	Minnesota	Arkansas	North Carolina
Utah			Georgia Florida

“We are very pleased to be working with Rep Com,” says Lawrence Liu, Sales Manager, Global Markets for NYCE. “They have an outstanding track record of representing suppliers to the telecommunications industry and delivering excellent service to customers. This agreement will help NYCE expand our ability to reach more Service Providers and customers in the United States.”

"NYCE offers very unique networking products that can help Service Providers improve service delivery, simplify installations, and reduce repair calls." says Lee Sandlin, Rep Com's National Sales Manager, "We are excited to represent NYCE's innovative products to our customers."

About NYCE Networks

NYCE Networks is headquartered in Vancouver, BC. NYCE is a leading provider of innovative Plastic Optical Fiber to Ethernet products. NYCE designs, manufactures and supplies Plastic Optical Fiber networking solutions to telecommunication companies, builders, installers, and content providers worldwide. Our patented networking products eliminate electromagnetic interference and enable our customers to deliver safe, simple and cost-effective residential and commercial solutions. For more information, please visit NYCE’s website at www.nycenetworks.com or call 1-604-473-9800.

About Rep Com International

Rep Com International (RCI) was started in 1983 in Arlington, Texas. RCI is composed of sales professionals from the communications industry, ex-telco management personnel, and supply chain specialists that understand the nuances of getting the product to the customer in the Telephony marketplace. RCI specializes in copper and fiber optic splicing products, cable placing products, communications test equipment, and outside plant products. Representing quality lines has enabled RCI to align with key decision-makers in the construction, maintenance, and staff departments of the leading communications companies.
